RE: Protest of Change Application a44046 (57-10711)

A hearing is requested.

Dear Mr. Jones,

The following protest is being submitted on behalf of the Pinecrest Pipeline Operating Company (PPOC) concerning Change Application No. a44046 (Water Right No. 57-7796), filed by the Emigration Improvement District, of P.O. Box 58945, Salt Lake City, Utah. 57-10711

According to the Utah Division of Water Rights' website, Water Right No. 57-10711 is for the diversion of 5.0 cubic feet per second or 49.99 acre-feet per year for municipal uses from January 1 to December 31 of each year, and in the Change Application the Applicant proposes to make permanent previously temporary points of diversion. PPOC is concerned that in the event the Change Application were to be approved, the diversion of water would unduly interfere with PPOC's Water Right Nos. 57-6197 and 57-8492.

In addition, the Change Application does not include enough information to satisfy the statutory criteria in Sections 73-3-3 and 73-3-8 of the Utah Code governing the approval or rejection of change applications. PPOC hereby requests that the Division hold a hearing on the Change Application, and PPOC reserves the right to submit additional information and evidence in support of this protest in connection with such hearing.

Please have a copy of any notice, correspondence, or decision concerning the Change Application mailed to me at 6424 East Lefthand Fork Lane, Salt Lake City, Utah 84108.

Sincerely,

Steve Moore

President, PPOC

Steve Moore
