EID Trustee Meeting August 20, 2015

Canyon Resident: "some years ago...I distinctly remember...that the Canyon could only carry water wise a maximum of 710 homes..."

Former EID Trustee Fred A. Smolka: "I think it was kind of pulling a number out of a hat..."

EID Hydrologist Don Barnett: "There was a science to it..."

ECHO President Tracy: "Your data stated that the Canyon could support 700 homes and no more? ... What do you believe [that number] would be today?"

EID Hydrologist Don Barnett: "I know of no maximum number."

ECHO President Tracy: "There is no maximum? It could theoretically be three-thousand, two thousand homes in the Canyon?"

EID Hydrologist Don Barnett: "I know of no maximum number."
