**ONLINE**

RE: Protest of Change Application a44045 (57-7796)

My spouse and I live in Pinecrest Canyon and we are very concerned that allowing EID to drill more wells and service hundreds of new homes will have a severe adverse effect on the water table in Emmigration and Pinecrest Canyons. any of our neighbors who are on wells and springs are suffering from a lack of water already. Given that the Governor just established a draught based state of emergency yesterday, it is clear that our water problems in the canyons will only get worse. New wells will exacerbate this problem.

Laura Gray
