

"Behold, this is not my doctrine,  
to stir up the hearts of men with anger,  
one with another;  
but this is my doctrine,  
that such things should be done away."

Let us not be angry with one another. Let us love and work to help one another as friends and neighbors.

If any of you know of something that I have done wrong, please call me on my cell phone listed below. The cell phone is new. I am in early stage of learning how to use it. I am in County meetings all day tomorrow, October 15. but please call me with you questions and comments.
